Event Title: PhysCon
Event Location: San Francisco
Description of Event: Our organization, the Society of Physics Students, is the UC Merced chapter of a national organization. Every 4 years, at a national level, we have PhysCon; an event that provides a unique opportunity for networking and that we can attend only once in the 4 years of school. Because of this, we would like to request funds to cover the admission fees for at least our officers and some of the key members of the club. We hope that this event will bolster interest in the organization within our student body so that more people gain interest in physics; and that by taking members that are not officers will perhaps be interested in becoming officers in the future. This will help maintain the club alive in years to come, since most of our officer team is graduating this year. The event is from November 3 to 5.
